HEALTH AND SAFETY POLICY (PRIMARY)

Introduction

This model policy is provided in order to enable Academies to produce an individual Health and Safety Policy that meets relevant legal requirements yet is specific to the establishment's local arrangements. To this end, *it is essential that this document is adapted extensively* to reflect local procedures so that the end product is a useful rule book for the organisation.

An academy is an independent school and is free to establish its own policies and procedures within the boundaries of the law. The content of this policy is therefore a suggestion intended to guide the Academy in establishing suitable arrangements. Given the use of this Devon Health & Safety Service's model, it is assumed that the Academy is following the Devon Health & Safety Service's Arrangements and the contents of this model are based on this assumption. *There is no obligation to follow this guidance.* However, should the Academy diverge from the Devon Health & Safety Service's advice or suggested arrangements, then it will need to establish clearly its own specific alternatives.

The various sections of the model policy will cover the items required to be included by the *Health and Safety at Work etc. Act 1974*, as well as those areas listed in the current *Department for Education* guidance for school health and safety policies.

The basic format is as follows:

1) General Statement of Intent

This statement will evidence the commitment to health and safety by the Exeter Learning Academy Trust 'The Trust' and should be signed and dated by the CEO and Chair of the Trust Board.

2) Organisation

This outlines the responsibilities for health and safety that have been allocated to various job roles across the organisation.

3) Arrangements

This section should detail the specific local arrangements in place to ensure safety for all within the Trust's environment and associated activities.

Action to be taken to implement amend and adopt this model policy:

- The CEO will identify who is to adapt the model document to suit the establishment's specific local needs. There are specific areas that must be completed and amended: these are highlighted in yellow italics. These sections should be deleted, and the appropriate local detail added.
- The adapted policy must then be discussed by other staff/governors to ensure that it reflects actual practice and any further alterations/amendments made if required.
- The policy will require formal approval in the form of the signature of the CEO and the Chair of the Trust Board. The master copy of the policy should then be retained and kept in an agreed central location.
- The final, ratified policy will need to be formally brought to the attention of all staff, governors and volunteers. New employees must be made aware of the policy via an induction process.
- The policy should then be subject to regular review.

HEALTH AND SAFETY POLICY

SECTION 1: STATEMENT OF INTENT

The *Trust Board, its Committees and Local Governing Bodies of Exeter Learning Academy Trust (ELAT) (at Alphington, Bowhill, Ide and St Thomas Primary Schools)* will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the *Health and Safety at Work Act 1974* and other statutory and common law duties.

This statement sets out how these duties will be conducted and includes a description of the Trust's organisation and arrangements for dealing with different areas of risk. Section 2 will establish specific responsibilities at all levels of the Trust's organisation. Section 3 will outline the specific arrangements put in place to manage these areas of risk and hence to meet the Trust's obligations under the law.

This policy will be brought to the attention of all members of staff *during induction and a master copy is kept by the Compliance Manager and in the main office at all schools and by the CFO for the Trust.*

This policy statement and the accompanying organisation and arrangements will be reviewed *annually by the Trust Executive Board.*

.....
Chair for the Trust Board (ELAT)	Date
.....
Chief Executive Officer (CEO)	Date

SECTION 2: ORGANISATION

The Duties of the *Trust Executive Board and Local Governing Bodies*.

- To produce and regularly review the Health & Safety Policy for the Trust. This policy will reflect the requirements of the *Health and Safety at Work etc. Act 1974* by outlining arrangements to ensure, so far as is reasonably practicable, the health, safety and wellbeing of staff, students and others affected by the organisation
- To monitor both compliance with, as well as the effectiveness of, this policy
- To provide adequate resources to meet the Trust's legal responsibilities as well as compliance with this policy.

The Duties of the Local Governing Bodies

- To assist the *Trust Executive Board* in discharging its legal obligations, the Trust has appointed the Health & Safety Service as its 'competent person' as defined by the *Management of Health and Safety at Work Regulations 1999*
- The specific arrangements adopted will be guided by the Health & Safety Service's Health & Safety Arrangement notes for Academies.

COVID 19 (New to Policy)

As a *Trust Executive Board*, we must protect people from harm. This includes taking reasonable steps to protect our staff, pupils and others from coronavirus. A COVID-19 risk assessment (RA100) has been completed to help us manage the risk of COVID-19 and to protect people from harm in as far as is reasonably practicable.

We have identified and put in control measures on:

- work activities or situations which might cause transmission of the virus.
- those staff and pupils who could be at increased risk (vulnerable person's risk assessment).
- how likely it is that someone could be exposed.

Our RA100 risk assessments are advertised on the school websites.

The Duties of the Head Teacher

The Head Teacher has day-to-day responsibility for health and safety management and will take all reasonably practicable steps to secure the health and safety of students, staff and others using the school premises or participating in school sponsored activities.

In particular, the Head Teacher will:

- Ensure that suitable and sufficient risk assessments of work activities are undertaken, that a written record of the significant findings of these assessments is kept and that these assessments are subject to regular review.
- Co-operate with the school's Governing Body and Trust Executive Board body to ensure that this policy and its associated arrangements are implemented and complied with.
- Communicate the policy and other appropriate health and safety information to all relevant people including contractors.
- Report to the school's Governing Board and Trust Executive Board on health and safety performance and to monitor both compliance with, as well as the effectiveness of, this policy.
- Ensure that the premises, plant and equipment are maintained in a safe and serviceable condition.
- Report to the school's Governing Body and Trust Executive Board any significant risks or policy requirements which cannot be met within the establishment's budget.
- Identify the training needs of staff and hence ensure that they are competent to carry out their roles and are provided with adequate information, instruction and training.
- Ensure consultation arrangements are in place for staff and their trade union representatives.
- Monitor purchasing and contracting procedures to ensure health and safety is included in specifications and contract conditions.
- Receive reports from enforcement officers and advisory bodies and, where appropriate, take relevant actions to address issues raised.
- Promote a positive health and safety culture by leading by example.

Whilst overall *responsibility* for health and safety cannot be delegated the Head Teacher may choose to delegate certain *tasks* to the Health & Safety Co-ordinator.

The role of Health & Safety Co-ordinator for the Trust (ELAT) has been delegated to *Rob Saunders* – *Compliance and Finance Manager*.

The Duties of the Health and Safety Co-ordinator

The health and safety co-ordinator has the delegated task of assisting the Head Teacher discharge their duties in relation to day-to-day health and safety management. *The scope of this role can therefore vary, and the following list of tasks may therefore need to be amended accordingly...*

To do this the health and safety co-ordinator will:

- Co-ordinate and manage the risk assessment process for the school.
- Co-ordinate general workplace monitoring inspections and performance monitoring processes and report findings to the Head Teacher and to the school's Governing Board.
- Co-ordinate records of external inspections and maintenance to plant or facilities and ensure that remedial actions identified are either addressed without delay or brought to the attention of the school's Governing Board if funds are not available.
- Assist with the identification of training needs and training delivery across the school to ensure that staff are adequately instructed.
- Arrange periodic health and safety audits and liaise with the Head Teacher and the school's Governing Board in relation to findings and any associated remedial actions.

Central Trust Office

- Collate accident and incident information and, when necessary, carry out accident and incident investigations.

The Kitchen Managers and Caretakers have specific delegated tasks in relation to health and safety management within their departments. They must ensure that:

- Risk assessments are undertaken for the work areas for which they are responsible and that identified control measures are implemented.
- Appropriate safe working procedures are brought to the attention of all staff via appropriate instruction and training and are enforced effectively.
- They take appropriate action on health, safety and welfare issues referred to them, informing the Head Teacher or the school's Governing Board of any problems they are unable to resolve within the resources available to them.
- They carry out regular inspections of their area of responsibility and report / record these inspections to the Head Teacher or the school's Governing Board.
- All accidents (including near misses) occurring within their area of responsibility are promptly reported and investigated.

The Duties of all Members of Staff

Under the *Health and Safety at work Act etc. 1974* all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions. This also applies to volunteers who are under the control of the Trust (ELAT).

Specifically, all employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- Comply with the Trust's (ELAT) health and safety policy arrangements at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Not intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in the condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

Pupils

Pupils, in accordance with their age and aptitude, are expected to:

- To exercise personal responsibility for the health and safety of themselves and others.
- To observe standards of behaviour and dress consistent with safety and/or hygiene.
- To observe all the health and safety rules of the school and in particular, the instructions of staff given in an emergency.
- Not wilfully misuse, neglect or interfere with facilities or equipment provided for their and others' health and safety.

Contractors

All contractors who work on the school premises are required to identify and control any risks arising from their activities and inform the Head Teacher of any risk that may affect the staff, pupils and visitors. All contractors must be aware of this policy and the associated emergency procedures and comply with these requirements at all times.

In instances where the contractor creates hazardous conditions and refuses to eliminate them or take measures to make them safe, the Head Teacher will take such actions as are necessary to prevent staff, pupils and visitors being put at risk from injury.

SECTION 3: ARRANGEMENTS

Risk Assessment

The underlying process which informs safety management is risk assessment. Assessments of significant risks will be made with those persons responsible for the activity/area affected and the significant findings of these decisions will be recorded in writing. This will be achieved principally by amending and adopting the model risk assessments provided by the Health & Safety Service. Specifically, the model risk assessments amended and adopted in order to identify suitable risk control measures will be as follows:

- RAA22 – Primary Whole Academy Risk Assessment.
- RAA21 – Primary Curriculum Risk Assessment.
- RAA08 – Fire Risk Assessment.
- RAA04 – Cleaning, Caretaking & Maintenance Risk Assessment.
- RAA26 – Swimming and Hydrotherapy Pools.
- RAA11 – Kitchen Safety.

Risk assessments are available for all staff to view and are held centrally in the Health and Safety Folder at the Central Trust Office. Wherever possible, affected staff will be included in the risk assessment process. Staff and other affected parties will be briefed in the risk assessment findings.

Risk assessment records will be reviewed at least annually or when a specific need arises, e.g. the pregnancy of a staff member. This will be identified on the RAA model risk assessments.

For full details relating to risk assessment arrangements, reference should be made to the HSA47 Arrangements Note.

Accident/Incident Reporting

All employee accidents must be reported to the Head Teacher, and the school's Governing Board. This will be achieved by entering accident details onto the OSHENS on-line accident reporting system.

Accidents to pupils and other non-employees should be recorded in the accident book held in each school office. Alternatively, all incidents can be entered into the OSHENS system. Those accidents to students and members of the public which are work related, in that they have arisen out of a material defect or organisational failure, must also be reported to the Head Teacher and school's Governing Board by entering accident details onto the OSHENS online accident reporting system.

Parents / carers will be notified immediately of all major injuries.

The Head Teacher will investigate accidents and take remedial steps to avoid similar instances recurring.

All accidents which fall within the scope of the Reporting of Injuries, Diseases and Dangerous Occurrence Regulations 2013 will be reported to the HSE via the OSHENS online accident reporting system. This will be undertaken by the Devon Health & Safety Service.

For full details relating to accident reporting arrangements, reference should be made to the HSA01 Arrangements Note.

Asbestos

The arrangements for the management of asbestos on the Trust's school sites are detailed in the Asbestos Management Plan (AMP). This is located in the *premises folder* held within the Central Trust Office.

The Asbestos Register is held in each school office and will be made available to all staff and contractors prior to **any** work commencing on the fabric of the building or fixed equipment containing asbestos ... [*e.g., kilns, boilers.*] No work can commence until permission to work has been given by the authorising manager, Head Teacher named in the AMP.

The authorising manager shall ensure:

- The AMP is reviewed annually and that any changes are approved by the school's Governing Board.
- That the Asbestos Register is consulted at the earliest possible opportunity in the planning process and that **all** work on the fabric of the building or fixed equipment is approved via the completion of the ASB1(A) and/or Contractor signing-in form.
- A visual inspection of those asbestos containing materials remaining on site is conducted and recorded on the ASB2(A) form according to the frequencies identified in the AMP. Any subsequent changes to asbestos containing materials on site will be recorded in the Register.

All parties will ensure that any damage to materials known or suspected to contain asbestos should be reported to the Head Teacher or Health and Safety Co-ordinator at the earliest opportunity.

For full details relating to the management of asbestos, reference should be made to the HSA04 Arrangements Note as well as the Asbestos Management Plan.

Communication and Training

Detailed guidance and information about health and safety issues can be found in the Health and Safety Service's Arrangement notes are located in the OSHENS *document library*. The Health and Safety Service also provide competent health and safety advice for Trust staff and can be contacted on 01392 382027 or on healthandsafety@devon.gov.uk.

The Health and Safety Law poster is displayed in each school staff room and/or reception area.

Health and Safety Training

All employees will be provided with:

- Induction training in the requirements of this policy.
- Updated training in response to any significant change.
- Training in specific skills needed for certain activities as identified by the relevant risk assessment.
- Refresher training where required.

Training records will be kept by the Head Teachers or delegated to a member of staff in each school, they are responsible for co-ordinating health and safety training needs. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits.

Each member of staff is also responsible for drawing the relevant line manager's attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence. All employees shall undertake work tasks as instructed and trained.

For full details relating to staff training, reference should be made to the HSA55 Training Arrangements Note.

Consultation

Staff are represented on each school Full Governing Board (FGB) with a Health and Safety report and update built into the annual calendar. Consultation of day-to-day matters will be achieved by regular staff meetings or by emailing the Head Teacher. Members of staff with concerns should raise them initially with their Head Teacher or the Health & Safety Co-ordinator. If required,

requests for external advice should then be sought from the Health & Safety Service for concerns of employees which cannot be resolved locally.

Staff should feel free to contact the appropriate trade union appointed safety representative. The school's Governing Board welcome the support of trade unions in health and safety matters.

For full details relating to staff consultation, reference should be made to the HSA08 Arrangements Note.

Contractors

All contractors must report to the school office where they will be asked to sign the visitors' book and wear an identification badge. Contractors will be issued with guidance on fire procedures, local management arrangements and vehicle movement restrictions. Where necessary, contractors will also be requested to sign to confirm that they have read and understood the Asbestos Register.

To ensure contractor competency Compliance Manager will undertake appropriate competency checks prior to engaging a contractor. *The Head Teacher* is responsible for monitoring areas where the contractor's work may directly affect staff and pupils. Compliance Manager will ensure that the specific client requirements of the *Construction (Design & Management) Regulations 2015* have been complied with.

For full details relating to the control of contractors, reference should be made to the HSA07 CDM Arrangements Note.

Curriculum Activities

Risk assessments for the significant hazards within curriculum activities will be carried out by the *Head Teacher / Subject Co-ordinator* using the appropriate Health & Safety Service's model risk assessments listed above.

For full details relating to the primary curriculum areas, reference should be made to the HSA46 Arrangements Note.

Display Screen Equipment (DSE)

All staff who use computers daily for continuous spells of an hour or more, or a total daily time of 3 hours or more will have a DSE assessment carried out. This will be achieved by completing the OSHENS DSE online training and assessment.

Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician and corrective glasses (if required specifically for DSE use) subject to a total cost of £45.00.

For full details relating to DSE, reference should be made to the HSA12 DSE Arrangements Note.

Fire and Emergencies

The Head Teacher is responsible for ensuring that the fire risk assessment is undertaken using the RAA08 document and controls implemented accordingly. The fire risk assessment is located in the Fire Logbook held in the school office and will be reviewed annually.

Fire and emergency evacuation procedures are detailed in the Fire Emergency Plan document which is located in the school office and displayed around the school.

All staff will be briefed in the contents of this plan at induction and on an annual basis. This will be augmented by fire drills which will be undertaken termly. Evacuation procedures are also made known to all contractors / visitors.

The Head Teacher is responsible for ensuring that the school Fire logbook is kept up to date.

Procedures for other critical incidents and off-site emergencies are contained within the Trust's Emergency Management Plan which is located on the *ELAT Website* and will be reviewed annually. Emergency contact and key holder details are held in each school office.

COVID-related staffing issues have been considered, an individual Covid Risk Assessment is held at each school and on their websites.

For full details relating to fire safety, reference should be made to the HSA18 Fire Safety Arrangements Note.

First Aid

The Trust has risk assessed the need for first aid provision. Details of staff training for First Aid at Work, Emergency First Aid at Work and Paediatric First Aid are held at each school and displayed on posters throughout each school.

First Aid boxes are located at the following locations:

Alphington – Held in each classroom and school office.

Bowhill – Each phase has own 1st aid kit / Each MTA has a basic 1st aid pouch on the playground / Each member of staff has a basic 1st aid kit for break duty / sports coaches hold their own 1st aid kit.

Ide – Held in each classroom with an additional box for break times.

St Thomas – Held in each classroom as well as the first aid room.

For full details relating to first aid, reference should be made to the HSA19 First Aid Arrangements Note.

The following people will ensure that refresher training is organised and for maintaining the contents of first aid boxes.

Alphington – Helen Mewse will arrange refresher training. Jeanette Bradbury maintains contents of first aid boxes. Additional supplies are stored in cupboard next to office.

Bowhill – Adam Wardnott will arrange refresher training; Michelle Denman maintains contents of the first aid boxes. Additional supplies are held in the 1st aid room.

Ide – Alice Purcell Head Teacher will arrange refresher training. Teaching assistant in each classroom will maintain contents of their first aid box.

St Thomas – Jackie Brewster will arrange refresher training. Teachers maintain contents of their first aid boxes. Additional supplies are stored in the first aid room.

COVID-related staffing issues have been considered, an individual Covid Risk Assessment is held at each school and on their websites.

Hazardous Substances (for school's who employ kitchen or cleaning staff).

Where it is consistent with the effective performance of the task in hand, every attempt will be made to choose the least harmful chemical possible.

The responsible manager shall ensure that:

- An inventory of all hazardous substances used within their area of responsibility is compiled and kept up to date.
- Material Safety Data Sheets (MSDS) are obtained from the relevant supplier for all such materials.
- Risk assessments are conducted to identify the safe working method and appropriate emergency procedures.
- All chemicals are appropriately and securely stored out of the reach of children.
- All chemicals are kept in their original packaging and never decanted into unmarked containers

For full details relating to the control of hazardous chemicals, reference should be made to the HSA10 COSHH Arrangements Note.

Legionella

A water risk assessment for the Trust has been completed by the Devon Academies Maintenance Agreement delivered by NPS, *who are* responsible for ensuring that the identified operational controls are being conducted and recorded in the water hygiene logbook. This risk assessment will be reviewed where significant changes have occurred to the water system.

A Water Hygiene Management Plan for the school has been completed by the Head Teacher. For full details relating to the control of legionella, reference should be made to the HSA28 Legionella Arrangement Note.

Lettings/shared use of premises

The school's Governing Board will ensure that the hirer/tenant has public liability insurance and will share with the hirer/tenant all relevant Trust and school health and safety information. The hirer/tenant will be required to provide a copy of their risk assessment where their activities present a significant hazard either to the building itself or to the safety or health of the occupants within it.

Maintenance of Plant and Equipment

Regular inspection and testing of school equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept by Compliance Manager. All staff are required to report any problems found with plant/equipment to the Head Teacher. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal.

The following specific statutory inspections and tests will be undertaken by NPS:

- Annual gas appliance inspection and maintenance.
- Annual gas tightness test.
- Electrical installation inspection every 5 years.
- Swimming Pool – commission and decommission.
- Fire Alarm 6 Monthly Inspection.
- Fire Equipment Annual Inspection.
- Asbestos Annual Inspection and Report.
- Air Conditioning Units.
- Kitchens – Inspection, Servicing and Maintenance (**Bowhill** – Bartletts)
- Water Tanks, Operational Controls and Legionella.
- Passenger Lifts.

Portable Electrical Appliances

All staff will conduct a visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to the Head Teacher.

All portable items of electrical equipment will be subject to formal inspection and, where appropriate, a testing regime on an identified cycle dependent upon the level of risk associated with the particular appliance type. This inspection and testing will be conducted by a contractor *or trained members of staff*.

Personal items of equipment should not be brought into the Trust without prior authorisation and must be subjected to the same inspection process as Trust-owned equipment.

For full details relating to work equipment and electrical safety, reference should be made to the HSA16 and HSA58 Arrangements Notes.

Medication Arrangements

Arrangements for medication are detailed in the separate Supporting Children with medical needs Policy 2020, which is reviewed annually. A copy of this policy can be found on the school's website.

For full details relating to the administration of medication, reference should be made to the HSA32 Medication Arrangements Note.

Monitoring

The Head Teacher will put in place procedures to monitor compliance with the arrangements described in this policy. The central component of this process is the 3 yearly Health and Safety review process undertaken by the Health and Safety Service. Feedback from this process is to be referred to the school's Governing Board.

A general inspection of the site will be conducted at least *annually* and be undertaken by the Head Teacher and *the Trust's Compliance and Finance Manager*. Feedback from this process is to be referred to the school's Governing Board.

Other processes employed to monitor compliance with this policy and health and safety performance in general include:

- *Findings from formal maintenance reports forwarded to the school's Governing Board.*
- *Annual Training Audits.*
- *Annual Accident Book Review.*
- *Attendance at Annual Health & Safety Briefing.*
- *First News Newsletter.*

For full details relating to monitoring, reference should be made to the HSA05 Audit & Monitoring Arrangements Note.

Moving and Handling

The risk assessment of significant manual handling tasks is undertaken as described in the risk assessment section above. Staff engaged in these activities will be provided with information on safe moving and handling techniques and will receive specific training where the need is identified in the risk assessment.

All moving and handling of pupils will be risk assessed by Head Teacher and recorded in a specific Handling Plan for the individual concerned. The format found in the HSA35 Arrangement note will be used. All staff who move and handle students will receive appropriate training both in the controls listed in the Handling Plan and specific training on any lifting equipment that they may be required to use.

For full details relating to moving and handling, reference should be made to the HSA34/35 Moving and Handling Arrangements Notes.

Offsite Visits

The Trust has adopted the Devon County Council (DCC) document *Outdoor Education, Visits and Off-site Activities Health & Safety Policy 2020* as its own policy.

For whole Trust (ELAT), local arrangements for offsite visits are detailed in the separate Management of Outdoor Education, Visits and Off-Site Activities policy and individual Standard Operating Procedures which are reviewed annually. A copy of these documents can be found in the Central Trust office.

Personal Safety and Security

The Trust believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff. A separate specific Behaviour Policy is in place.

Staff will report any such incidents on the OSHENS system in accordance with agreed accident/incident reporting procedures.

Working alone will be avoided wherever possible. Work carried out unaccompanied or without immediate access to assistance will be risk assessed by the Head Teacher in order to identify and implement control measures. This will be reviewed annually or after significant change and recorded by amending the relevant section of the RAA22 risk assessment document.

Staff working outside normal school hours must obtain permission of *the Head Teacher*.

The requirement to undertake a lone working risk assessment will also extend to working alone off-site where staff conduct home visits.

Risk assessments will be reviewed annually or after significant change and recorded by amending the RAA13 Risk Assessment.

School Security

The Head Teacher is responsible for undertaking a risk assessment for site security in order to identify and implement control measures in this area.

This will be reviewed annually or after significant change and recorded by amending the relevant section of the RAA22 or RAA24B risk assessment document.

For full details relating to security and lone working issues, reference should be made to the HSA31 Lone Working and HSA50 Security Arrangements Note.

Radon Gas

The Trust (ELAT) is located in a radon affected area as defined by Public Health England (PHE). Consequently, radon gas levels will be measured on a 7-10-year cycle and detectors returned to PHE for analysis.

If levels are below the 300 Bq/m³ thresholds, this process of measurement will continue. If readings exceed the 300 Bq/m³ threshold a Radiation Protection Adviser (RPA) will be engaged and a risk assessment of staff exposure will be undertaken in consultation with the RPA. Based upon the findings of this assessment, suitable mitigation systems will be identified and installed to reduce the radon level to well below 300 Bq/m³. These systems will be maintained.

Stress/Wellbeing

The Trust is committed to promoting high levels of health and well-being and recognises the importance of identifying and reducing workplace stressors through risk assessment in line with the HSE's management standards.

All staff complete a return to work questionnaire after all sickness related absences and this is kept in their personnel file. All staff receive performance management reviews annually and new members of staff have identified mentors. Where appropriate, risk assessment findings will be recorded on the RAA25 document.

For full details relating to staff wellbeing, reference should be made to the HSA24 Health Issues for Staff Arrangements Note.

Tree Safety Management

An increasing number of tree species are becoming susceptible to disease which can not only cause the trees to die but can also leave them in a dangerous state. For example, Ash Dieback is one of the currently emerging diseases likely to cause significant issues in the coming years. Physical damage to a tree can also cause safety issues and fungus can be a sign of underlying health issues with the tree.

The Trust will ensure that formal tree inspections are undertaken for trees which present a significant risk because of their age, condition or proximity to pedestrian routes or busy areas. The Trust will also arrange for an inspection following severe weather conditions.

The Trust will arrange for regular independent expert surveys by a trained arboriculturist to be carried out every 2-years and formally documented.

The Trust will also arrange for a local tree inspection at least every 6 months and will refer to a competent person to address any concerns highlighted ad hoc inspections are carried out on a risk assessment basis such as after severe storms.

Where the tree inspection process makes recommendations for remedial actions, the Trust will implement them as described.

Records of tree inspections and associated remedial works are kept on site.

Work at Height

Work at height will be avoided wherever possible. Work carried out at height where a significant injury could result will be risk assessed by the relevant line manager in order to identify and implement control measures. Staff who work at height will be briefed in risk assessment findings. When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff *must not* climb onto tables or chairs.

Formal training on work at height will be undertaken where the need is identified in the risk assessment process described above. It will be ensured that:

- All work at height is risk assessed and properly planned and organised.
- All those involved in work at height are trained and competent to do so.
- The use of access equipment is restricted to authorised users.
- Access equipment is regularly inspected and maintained in a safe condition.
- Access to fragile surfaces is properly controlled.

For full details relating to the control of work at height, reference should be made to the HSA60 Work at Height Arrangements Note.

Work Experience

If the school *hosts* a work experience placement, any significant hazards within the planned work tasks will be risk assessed and findings will be communicated to the student and their parents/guardian via the student's secondary school. This assessment will be recorded on the RAA28 risk assessment document.
